Strategy and Realization

At SBI we have more than 30 years of experience from the industry. We like to use this experience to assist our customers to get the most out of the rides. There are numerous factors to consider, and here are a few examples of areas where we are passionate about making a difference.

Master Plan

Our first step is to understand what you want to achieve. We tailor our attractions to fit your vision, location, target audience, theme, and budget. This creates a clear plan that is easy to communicate to stakeholders, leading to greater project success.

Revenue Streams

We help you maximize the return on your investment. By calculating ROI, capacity, and conducting scenario planning, we provide insights for better control and a safer investment.

Design and Plan

With extensive experience in designing and setting up attractions, we work with you to optimize the available space, visitor flow, and vehicle types. We provide visualizations to ensure an ideal attraction layout.

Implementation

We leverage our experience from hundreds of projects to streamline the implementation process. In some markets, we even offer turn-key solutions, handling the entire setup to avoid delays and surprises.

Daily Operations

Once everything is set up, we help fine-tune your daily operations. With insights from global operations, we ensure smooth and efficient management with optimal resource allocation.

We look forward to discussing your project and helping you achieve success with SBI attractions!

Proven SBI Concepts

At SBI, we have developed concepts that ensure success. Let these inspire you, and we are happy to discuss how we can customize a setup tailored to your specific needs. By conceptualizing your attraction, you will not only capture more attention and increase revenue but also create a safer environment with smooth operation.

Driving School

A driving school is a timeless attraction, providing fun and educational experiences for young visitors. We'd love to bring this concept to life at your facility! Our team is here to help you create the perfect layout, customized to fit your available space and operational needs.

Racing Academy

Our racing vehicle is a great attraction that suits all environments. Particularly, it fits like a glove in car-themed amusement parks, racing tracks, and go-kart facilities oriented to young kids. Taking curves has never been so fun!

Childrens Farm

Our tractors are a perfect fit for rural settings and similar venues. Robustly designed to be driven on any flat surface. Hay bales, and other suitable elements make this attraction a perfect fit for a rural atmosphere.

Boating School

Fun-packed ride that allows kids to test their navigation skills and become captains of their mini vessels. Many layouts are suitable to get a smooth and exciting experience for the entire family! Conveyor system for safe and effective loading and off-loading is available as an option.

Construction Zone

Create an attraction loved by children of all ages. The products can be combined in one play area to create a construction zone. Our scalable and themed cage system ensures a safe and carefully designed attraction from start to finish.

Spare parts & Support

Reliable Transport

Our transport services ensure prompt delivery through an advanced logistics network, guaranteeing swift and secure product arrival.

Efficient Maintenance

Minimize downtime with our quick support services, designed to resolve issues swiftly and enhance your revenue.

Comprehensive Inventory

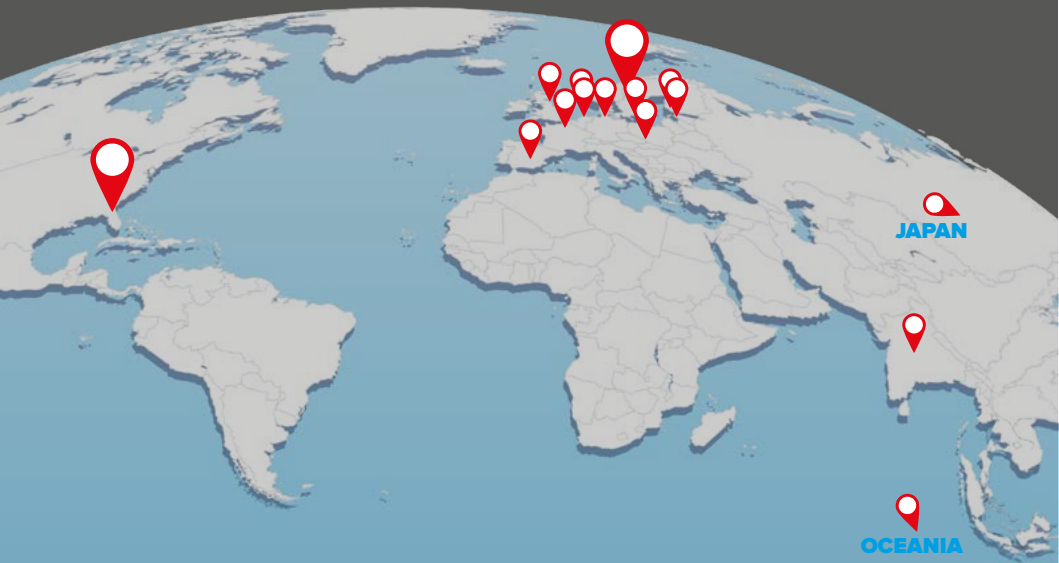

We keep a wide stock of spare parts to eliminate delays and maintain operational continuity.

Flexible Delivery Options

Choose from various expedited delivery services to meet urgent needs and receive products and parts quickly.

Our Team is Near You

Our everyday work is shaped by attention to detail and close and friendly contact with all the people we work with. Undoubtedly, our team is our greatest asset. Talented individuals, who share their passion for bringing smiles and joy to children, power SBI. We pride ourselves on our high degree of specialization, and the close ties that bind us to our customers.
